

Do not let the Bell "Wolves" own the chicken coop you already allow them to dominate. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. DO NOT DO IT. If my CLEC and IS are forced into bankruptcy by your actions, I will lose my broadband service, since Verizon is unable to provide service to my home, while COVAD/Seakeasy can. I've already had to survive several bankruptcies already. Don't create more!!!
